Frontend Developer

I build fast, intuitive interfaces that solve real-world problems, using React, Tailwind CSS, and modern tooling. I focus on performance, user experience, and translating business needs into clean code.

Technical Skills

- **Frontend:** React, JavaScript (ES6+), HTML5, Tailwind CSS, Material UI.
- **Tools & Methods:** Git, Github, VS Code, Responsive Design, Mobile-First Development.
- **Languages:** English (Fluent), German (Intermediate).

EXPERIENCE

Frontend Developer Intern

TechIQ / 2023–2025

- Accelerated client delivery 25% by architecting reusable React component libraries and TypeScript utilities across 12+ projects.
- Engineered responsive web apps from Figma designs using React 19, Material UI, Tailwind CSS, achieved 98% Lighthouse scores consistently.
- Optimized performance 40% via code splitting, lazy loading, and Tree Shaking, cutting mobile Time to Interactive by 2.3s.

React Intern

Tenece / January 2025–Present

- Built React banking dashboards with real-time Chart.js visualizations, Paystack/Flutterwave payments, and JWT auth flows.
- Implemented PHP/MySQL REST APIs and WebSocket notifications for admin panels, deployed to Vercel/InfinityFree.
- Mentored 3 juniors on React hooks, component patterns, and responsive UI—reduced onboarding by 2 weeks.
- Migrated 8 legacy modules to modern stack, improving bundle size 35% and cross-device compatibility.

PROJECTS

ExRep Network | <https://exrep-network.vercel.app>

- Built a fully responsive, frontend-only startup website for a recruitment agency in 1 week.
- Implemented a dynamic, multi-step contact form integrated with Formspree.io, enabling seamless lead capture without backend overhead.
- Designed and developed a modern UI with Tailwind CSS, resulting in a 40% faster page load than the client's previous site.

Zendy Planner | <https://zendy-app-2.vercel.app>

- Developed a productivity planner web app using React and Material UI.
- Prototype was tested by over 1200 users, with feedback directly informing UI/UX iterations for improved task-flow intuitiveness.

JK Designs Architectural Portfolio | <https://jkdesigns.rf.gd>

- Created a visually driven portfolio website for an architect to showcase projects.
- Engineered a custom, lightweight image gallery to highlight high-quality projects photos without compromising site performance.

EDUCATION

Advanced Diploma, Web Developer | NIIT

B.Sc Mathematics | University of Nigeria
